I use art to express my thoughts and feelings in a creative way and to bring magical figures in my mind to life. I am currently fostering my creative spirit producing work that is expressive and whimsical. My figurative ceramics and mixed media are all about storytelling. Each detail has personal meaning. However, it is up to each individual to interpret and connect with each piece in their own unique way. The surface is layered with low and high fire glazes, stains, and oxides to bring each sculptural figure to life.
